3-You will access to the course main page. In “**Study plan and Teaching**” you will find the study plan (or more study plans if the course offers more than one curriculum). The different teachings are divided for study year and semester.

In the “**Teaching offered**” section, you will find a more detailed list of the teachings. **From here**, you can understand and choose which teachings will go in your *Learning Agreement*.

NOTE! If your mobility is carried out during the first semester, you will be able to choose only from teachings offered during that time. In the same way, if your mobility is carried out during the second semester, you will be able to choose only from teachings offered during that time. **Annual teachings (i.e., teachings offered during both semesters) cannot be chosen for a single-semester mobility.**

The screenshot shows the 'Course Catalogue' interface for the course '[I4WR] MATHEMATICAL ENGINEERING'. The page has a dark blue header with the university logo and navigation links. Below the header, the course title is prominently displayed. A breadcrumb trail shows 'Home / Courses / Course [I4WR]'. A small note states: 'Since this Course Catalog is a guide to the current educational offer of the University, the descriptions and characteristics of this course of study always refer to the latest set up and regulation in force.' The main content area is divided into three tabs: 'Course sheet' (selected), 'Study Plan and Teaching', and 'Teachings offered'. The 'Course sheet' tab displays a 'General information about current year' section with the following details: Length: 2 years; Set up according to policy: 2025; Status: Open; CFU: 120 CFU; Language: English; Type: Second cycle degree; Law: D.M. 270/2004; Degree class: LM-44 - Modellistica matematico-fisica per l'ingegneria; Access mode: Free; Location: L'Aquila - Università degli Studi; Department: DIPARTIMENTO DI INGEGNERIA E SCIENZE DELL'INFORMAZIONE E MATEMATICA; Website: https://www.dsim.univaq.it/degree.php?section=single-BA01tree_id=4; Didactic method: Convenzionale; Course teachers: [View list](#). Below this, there are three expandable sections: 'Dates and deadlines', 'Roles', and 'Outline, texts and goals', each with a downward arrow icon.
